

W350P

This exploded view diagram illustrates the assembly of the W350P ultrasonic cleaner. The components are numbered 1 through 24. The main body (19) is the central cylindrical unit. The top section (17) includes the lid (18) and the ultrasonic transducer (16). The bottom section (20) features the base (24) and the motor (11). The motor is connected to the main body via a power cord (12). The base is equipped with four casters (3) for mobility. A spray gun (10) is attached to the side of the main body. A basket (9) is used for holding items to be cleaned. The diagram also shows various internal components like the filter (15) and the pump (14). A detailed view of the motor assembly (21) shows the motor (11), the pump (14), and the spray gun (10) connected to the main body. A detailed view of the base assembly (20) shows the base (24), the motor (11), and the casters (3). A detailed view of the top section (17) shows the lid (18) and the ultrasonic transducer (16).
